

TRACKED CARRIERS

300L

The 300L from Tracked Carriers provides a cost effective and convenient way to move heavy and bulky goods across all types of terrain and even stairs.

Effort and labour can be reduced by those who deliver, install or move awkward items by reducing unnecessary manual handling whilst simultaneously offering a safe "hands off" approach thanks to the wireless remote control.

Battery powered and robust, the 300L is compact enough to fit almost anywhere yet has a generous platform size, it is also light enough to be transported easily and to reduce ground pressure on sensitive floors. Capable of climbing stairs and steep gradients, the low height of the machine ensures stability and ease of loading.

FEATURES

- DC electric drive ✓
- 2 speed remote control ✓
- Maintenance free AGM batteries ✓
- Non-marking tracks **Optional**
- Stair climbing kit **Optional**

DIMENSIONS

Width overall (A)	700mm
Width of platform (B)	680mm
Length of platform (C)	1000mm
Length overall (D)	1100mm
Height (E)	285mm
Track width (F)	130mm
Track length on ground (G)	600mm
Ground clearance (H)	70mm

CAPACITIES

Max capacity on level ground	300kg
Max capacity at max gradient	150kg
Max gradient	45°
Max side slope	30°
Max speed	1.1km/h
Unladen weight	155kg

POWER

Power (max)	1.5kW
Voltage	24V
Battery capacity	45Ah
Charger input	110V-230V
