

The 750 PRO from Aconda Industrial Carriers is incredibly compact, enabling access to the most restricted sites. Whilst only 600mm wide, the 750 PRO model has a generous maximum capacity of 750kg and all the features of the larger models. Tracked Carriers R models use state-of-the-art technology whilst being simple to operate, reliable and easy to maintain.

PRO models offer increased features such as gradient monitoring, information feedback and a smart auxiliary output, ideal when increased safety measures are required or powered attachments make the job easier.

FEATURES

- Efficient direct AC electric drive •
- Fully proportional remote control •
- Maintenance free AGM batteries •
- Hazard lights front and rear •
- Switchable motion alarm •
- On board diagnostics •
- Adaptable and extendable platform •
- LCD information screen on remote control •
- Smart auxiliary output socket •
- Automatic gradient/speed monitoring •
- Non-marking tracks •
- Wide range of attachments •

= Optional • = As Standard

DIMENSIONS	Width overall (A)	600mm
	Width of bed (B)	590mm
	Length of bed/overall (C)	1050mm
	Length extended (D)	1600mm
	Height (E)	355mm
	Track width (F)	130mm
	Track length on ground (G)	760mm
	Ground clearance (centre)	55mm

CAPACITIES	Max capacity on level ground	750kg
	Max capacity at max gradient	175kg
	Max gradient	45°
	Max side slope	30°
	Max speed	3.5km/h
	Unladen weight	250kg

POWER	Power (max)	2.2kW
	Voltage	24V
	Battery capacity	104Ah
	Charger input	110V-230V
